GENERAL INFORMATION

The University announces as its summer policy readiness to organize courses for which a demand appears, either or both terms. Courses for which adequate registration does not appear will be withdrawn.

Brigham Young University is organized into the following colleges and divisions:

Graduate School
College of Applied Science
College of Arts and Sciences
College of Commerce
College of Education
College of Fine Arts
Division of Religion
Research Division
Extension Division

There are forty-two regular departments of instruction. An elementary training school and a secondary training school are also maintained in connection with the College of Education. The University Library contains more than 141,000 volumes and 50,000 pamphlets and bulletins. Twenty-one special collections add strength to the general library. During the summer session the Library is open from 7:00 A. M. until 9:00 P. M. Numerous special scientific and art collections, together with the museum, supplement the special equipment of the University.

THE SUMMER QUARTER

The University offers many courses on a quarter basis only, and other courses are so coordinated that the work of the second session is a logical extension of the work of the first term. All college and graduate students are therefore urged to register in June for a quarter's work as they do for any other quarter of the year. However, in special cases it is possible to register for either term separately.

Admission to the Summer Quarter does not automatically admit students to the succeeding Autumn Quarter.

ASPEN GROVE TERM

The Aspen Grove Term will be operated from June 14 to July 17, 1948, on a six day per week basis and for a program that is restricted this summer to Geology, Geography, Physics, Zoology, Botany, and Art. Registration will be limited to majors in these departments, and will be confined primarily to upper division and graduate students. Registration will be limited strictly to students who will live at the Alpine Campus; it will not be open to students who communte. Students may arrange their own feeding facilities, or they may secure board and room in university facilities. All individual living arrangements for the Alpine term must be approved by the university. Students must make their preferences on living arrangements known to their respective departments as early as they can, and not later than June 1, 1948. The tuition fee for the special Alpine term will be $50.00 Information about costs of living on either an individual or a university basis can be secured from the Treasurer's Office. Registration will take place on the city campus on June 7, during the regular summer school registration.

CAMPUS RESIDENCE HALLS

The University has ample dormitory facilities for summer school students. The cost for room and board, for two-person occupancy of a room, in the permanent type dormitories is $63.00 for the six-weeks term and $115.50 for the two terms. The cost of room and board for men in the temporary veteran dormitory structures is $58.50 for two-person occupancy of a room and $66.00 for one-person occupancy of a room. A number of University-owned co-operative houses will be available for women students, the cost of which is $18.00 per person for the first term and $33.00 for both terms.

On request more detailed information and blanks for applying for accommodations will be sent. Applications should be made early to Office of Student Housing, BYU, Provo, Utah.

OFF-CAMPUS LIVING ACCOMMODATIONS

The Office of Student Housing maintains a list of living accommodations off-campus. There is prospect of a considerable number of furnished rooms, and room and board. Board is obtainable at the University cafeteria and at other places. Apartments will be relatively scarce, but there will be a fair number available for the summer only.

Arrangements for off-campus housing must, of course, be made in person.

SERVICES TO VETERANS

The University provides a full offering in representative vocational and occupational fields, thus permitting returned service men to meet occupational objectives and other programs under Public Laws 16 and 346. Courses are set up in all departments in such a way as to make continuous work through both summer terms easily possible. Students may thus earn credit for a full quarter's work during the summer session. The University is offering courses in all fields to meet the needs of students who wish to fill group requirements. Every effort will be made to help men make such adjustments as are necessary in order to fit next autumn into the regular student classification as freshmen, sophomores, juniors, or seniors.

The Veterans' Administration has a Counseling and Training Unit on the campus. This organization ensures advice and guidance for all returning veterans.

The University will help all veterans to secure adequate housing.

RECREATION

Though summer school students naturally wish to earn credits, they are entitled to have some fun while they do it. For teachers and others whose regular work draws heavily upon health resources the matter of social contacts and physical relaxation is supremely important. Recreation occupies a large place in Brigham Young University summer sessions. A healthful balance between work and play is maintained. Concerts, socials, teas, and dances are regular parts of the summer school activity. A rich program of lectures, musicals, and entertainments supplement the academic work.

Throughout the summer there will be a wide opportunity for student participation in various intramural sports activities for both men and women.

GYMNASIUMS

Both gymnasiums will be open for showers and activity purposes. Students using the towel service are required to make a twenty-five cent deposit, by purchasing a towel check. The towel check is exchangeable for towel service during regular school hours. Towel checks are redeemable at any time. Students registered for physical education activity courses are required to provide themselves with a basket locker, and an approved combination padlock. Padlocks may be rented from the department. Both gymnasiums will be available for recreational uses by summer school students at various hours during the day. Some types of equipment will be supplied, and supervision and assistance will be given in developing game techniques. Consult the bulletin boards in both gymnasiums for complete details.

1948 SUMMER SCHOOL RECREATION

CALENDAR

Saturday, July 10, Thirty-seventh Annual Timpanogos Hike. Hike will start at 4:00 A. M. from Aspen Grove. All hikers reaching the Summit of Mt. Timpanogos will be presented the official Timpanogos Summit Club Badge

Men students interested in playing Volley Ball are invited to meet in the Men's Gymnasium Tuesday and Thursday, 4:00 to 6:00 P. M.

Those interested in Softball will meet at the Stadium House Monday and Wednesday, 4:00 to 6:00 P. M.

Women students interested in recreational activities will note the schedule posted in the Women's Gymnasium.

Both gymnasiums are open daily for physical activity and use of the showers.

THE DIVISION OF RELIGION

Since experience in spiritual things and an appreciation of their deep significance in all human affairs is an essential part of the culture of every educated person, Brigham Young University makes the religious motive foundational to its entire program.

The Division of Religion presents a rich program for all persons who wish to pursue study of religion for general purposes, and for those who wish to teach in the Church seminaries and in all other Church organizations.

DEMONSTRATION CLASSES

Several grades in the elementary school are in regular session throughout the first term. These groups are taught daily by regular teachers of the Elementary Training School. Classes will be organized for (1) kindegrarten, 1:00—3:00 P. M.; (2) first grade, 9:00—11:00 A. M.; (3) second and third grades, 9:00—11:00 A. M. and (4) fourth, fifth and sixth grades, 9:00—11:00 A. M. The work of these groups and their teachers may be observed daily by students who are registered in the Summer School.

CLASSES FOR HIGH SCHOOL PUPILS

The work in the high school classes will provide beginning and experienced teachers in secondary schools an unusual opportunity to observe actual learning and teaching situations. Opportunities for diagnostic analysis, and discussion of actual teaching problems and processes will be provided through these high school classes. In a limited number of cases, opportunity will be provided for experienced teachers to participate in the

teaching of these classes under supervision; this constitutes an opportunity to secure advanced practice teaching or training in the summer.

It is possible for pupils of high school grade to attend the University High School from June 7 to July 16 and earn high school credit. In view of the present world conditions and of the needs of the high school student at this time several courses are offered.

Students who need only one or two units to complete high school graduation will find their needs served uniquely this summer in the University High School where courses for high school credit will be taught. Able students who are just short of high school graduation may under certain conditions be permitted to enter some college courses where their program demands it. Students take fewer courses in the summer than in the regular year, but more work outside the classroom is required.

FAMILY LIFE INSTITUTE

The Family Life Institute for the summer of 1948 will have as its theme, "Spiritualizing the Family." The public, in general, is invited to attend. The General Board of the Relief Society is cooperating with the B. Y. U. Sociology Department in this Institute, so that special invitations will be sent to all Relief Society officers throughout the area. The values of this Institute are designed for the average family situation. The approach to the problem is on the positive side. Areas which will receive special consideration are: Home and cultural influences; adjustment in family life; managing the emotions; standards and values. To assist in the Institute, Howard E. Wilkening, Ph. D. from Los Angeles, a specialist in family problems, will be the Family expert.

SPEECH INSTITUTE

Time: June 21 to July 2, 1948.

Every phase of public address will be developed and presented in this intensive and entertaining course, two weeks of fun and work. Speech organization, voice recording and analysis, vocabulary building, extemporaneous speech, sermon and debate will be developed. Practice and personal growth will high-light the session.

The speech faculty of B. Y. U. will be augmented by M. I. A., church and community leaders. Workshop demonstrations will be held as frequently as consistent.

Speech is a learned process; perfect it, and be of greater value to your church, school, and community. Abundance of pleasurable relaxation and entertainment. Three hours credit may be obtained.

DRAMA INSTITUTE

Time: June 21 to July 2, 1948.

An interesting and intensive study of all phases of play production, stage craft, acting, voice building, makeup, and characterization. One-act and full length plays will be staged. Special performance of "Dream Girl" will climax the session.

Faculty will consist of Professors T. Earl Pardoe, Kathryn B. Pardoe, Preston Gledhill, Archie Williams, and Robert Kest. Visiting M. I. A. and community leaders will augment university forces. Three hours credit may be obtained. Especially presented for M.I.A. leaders and school teachers.

SUMMER MUSIC FESTIVAL

The world famous Paganini String Quartet (with its four Stradivarius instruments, which once belonged to the great immortal, Niccolo Paganini) will present a series of seven concerts.

Frances Watkins, soprano; Carlos Alexander, baritone; Carl Fuerstner, pianist, and other renowned artists will appear in performance.

A choral evening and an opera will be presented, featuring imported guest artists in some of the solo roles.

Regular enrolled students may attend these concerts without additional cost.

MUSIC CLINIC

A music clinic will be held from July 26 to August 7. High school and college students from Utah, Idaho, Wyoming, Colorado, Nevada and Arizona will participate in two weeks of concentrated musical activity, including band and orchestra rehearsals, sectional rehearsals, private lessons, ensemble playing and concerts. High school music teachers will receive courses in methods of teaching brass, woodwind and stringed instruments, music theory, and band and orchestra conducting, for which college credit will be granted.

For details concerning the clinic write to Dr. John R. Halliday, Conductor of Brigham Young University Band and Director of the clinic.

THE GRADUATE SCHOOL

At Brigham Young University each College is an under-graduate organization that offers and administers the work that leads to a bachelor's degree. All work beyond that point, i. e., all graduate work falls in the Graduate School and is administered under the Council of the Graduate School. The active administrator is the Dean of the Graduate School. Under the Graduate Council fall all courses that are offered for graduate credit, the amount of credit, the student's registration, his completion of requirements, his thesis, and his admission to candidacy for any advanced degree.

Two higher degrees are offered: the Master of Arts degree, provided the candidate meets the foreign language requirements for the Bachelor of Arts degree; and the Master of Science degree. Three full quarters of work above the bachelor's degree ordinarily permits the student to complete the requirements. Under proper programming of work with the department concerned and with the graduate school, the requirements can be met in three full summer quarters.

The Summer Quarter offers an especially good opportunity for graduate students to pursue their studies and to make progress on theses. Deans, heads of departments, major professors and other members of the regular University faculty are available during the summer session to guide students in formulating graduate programs and to assist in their proper completion. A special effort is made in the summer to assist graduate students who teach during the regular year to select and define problems appropriate for thesis work and to devise suitable procedures for the solution of these problems. Pertinent courses of instruction in the principles of scientific study and the procedures of thesis writing are given.

UNIVERSITY FEES

In the Summer Quarter students may register for the Quarter, for the First Term of six weeks only, or for the Second Term only. If a student registers for a combination of full quarter classes and one term classes it will be necessary to combine fees accordingly.

Refunds will be based on the date on which the students reports his withdrawal to the Dean of Students, who must approve of the withdrawal before any refunds will be made.

A student who changes from regular to special status will not be charged for the course dropped during the first week of the quarter, but will be charged one-half of the difference between regular and special fees if the change is made during the second week of the term. No refund will be made after the second week.

Secondary and Elementary Training School Students:

A refund of $2.50 per course will be made to any student in the Secondary school who withdraws during the first week of the term. No refund will be made after the first week of the term.

A refund of $2.50 will be made to any student in the Elementary school who withdraws during the first week of the term. No refund will be made after the first week of the term.

The date of withdrawal shall be that on which the Principal of the school is notified of the wish to withdraw.

REGULAR COURSES OF INSTRUCTION

While regular classes will not be held for fewer than five graduate students, such students may register for graduate work in any department of the University and receive individual attention. Courses bearing numbers above 100 are primarily for graduate students.

Courses not announced in this catalogue, but listed in the Annual Catalogue of the University, may be organized, provided a sufficient number of students apply.

Courses for which an adequate number of students do not register will not be continued beyond the first week of a session.

AGRONOMY

96, 196. Seminar. Second term. M. W., 11:00. One credit hour. Martin.

Reports and round table discussions of current scientific topics in the soils field.

98, 198. Special Problems in Agronomy. Second term. Time, credit and subject matter to be arranged. Martin.

Fungi as friends and foes, organic matter, antibiotic production and its relation to soil microorganism activity. Individual problems will be based upon the previous preparation of the student.

ARCHAEOLOGY

25. Principles of Archaeology. First term. Daily. Three credit hours. Jakeman.

The aims, methods, and principal fields of modern archaeological research, as illustrated by the great dis-

coveries of archaeology, in both the Old and the New World. Special attention will be given to the important bearing of archaeology on the Hebrew Scripture.

61. Ancient Civilizations of Mexico and Central America. First term. M. T. W. Lab. Th. F. Three credit hours. Jakeman.

A course in the archaeology and ancient history of "Middle America" or main archaeological region of the New World with emphasis on the early "Archaic" and Classical Maya, Toltec, and Zapotec civilizations of the region, preceding the rise of the Aztecs. Prerequisite: Archaeology 25 or 47.

66. The Problem of New World Origins. Second term. Daily. Three credit hours. Jakeman.

An investigation in the fundamental problem of American Archaeology, that of the origin of the ancient civilizations of Middle America and the Andes, and the related porblem of the origin of the American Indians. Prerequisite: Archaeology 61.

74. Readings in Old-World and Biblical Archaeology. First and second terms. One to six credit hours, no more than three hours either term. Jakeman.

a. Near Eastern and Old Testament Archaeology.

b. New Testament and Early Christian Archaeology.

77. Readings in American Archaeology. First and second terms. One to six credit hours. Jakeman. No more than three hours either term.

a. Middle American Archaeology.

96. Special Studies in Archaeology. Second term. Time to be arranged . Three credit hours. Jakeman.

ART

(For Art 64, 65, 66, see Page 91)

1. **Design**. Second term. Daily. Two credit hours. Birrell.

Simple applications of the fundamental principles of design. A study of the use of design in daily living.

8. **Oil Painting.** Second term. Daily. Two credit hours. Birrell.

A study of the modern techniques in still-life and abstract compositions.

12. **Water Color Painting.** Second term. Daily. Two credit hours. Birrell.

Gouache painting in modern interpretations. Still life and designs.

14. **Line Lettering.** First term. M. T. W. Th. Two credit hours. Jenson.

15. **Brush Work.** First term. M. T. W. Th. Two credit hours. Jenson.

16. **Simple Layout.** First term. M. T. W. Th. Two credit hours. Jenson.

Prerequisites: Art 14, 15.

23. **Modeling and Casting.** Second term. Daily. Two credit hours. Birrell.

Portrait studies executed in clay, and then cast into plaster.

35, 85. **Art Appreciation.** First term. M. T. W. Th. Two credit hours. Larsen.

39, 40, 41. **Oil Painting.** First term. M. T. W. Th. Two credit hours. Larsen.

42, 43, 44. Art for Elementary School Teachers. First term and second term. M. T. W. Th. Three credit hours. Jenson.

Deals with the art needs of children, the psychological procedures in teaching art and mastering the techniques and essential subject matter in the field of art.

56. Outdoor Sketching. Aspen Grove. Alpine term. Daily. Four hours credit. Andrus.

58. Oil Painting. Second term. Daily. Two to four hours credit. Birrell.

62. Water Color Painting. Second term. Daily. Two to four hours credit. Birrell.

73. Modeling and Casting. Second term. Daily. Two to four hours credit. Birrell.

89. Outdoor Composition (Painting). Aspen Grove. Alpine term. Daily. Four credit hours. Andrus.

89,90, 91. Studio Art Painting. First term. M. T. W. Th. Two to four credit hours. Larsen.

104, 105, 106. Interpretative Drawing and Painting. First term. M. T. W. Th. Two to eight credit hours. Larsen.

106. Outdoor Sketching. Aspen Grove.Alpine term. Daily. Four credit hours. Andrus.

108. Oil Painting. Second term. Daily. One to eight credit hours. Birrell.

Advanced oil painting.

112. Water Color Painting. Second term. Daily. One to eight credit hours. Birrell.

123. Modeling and Casting. Second term. Daily. One to eight credit hours. Birrell.

135. Art Appreciation. First term. M. T. W. Th. Two credit hours. Larsen.

139, 140, 141. Pictorial Composition. Advanced Painting. First Term. M. T. W. Th. Two to eight credit hours. Larsen.

189. Outdoor Composition (Painting). Aspen Grove. Alpine term. Daily. Four credit hours. Andrus.

BACTERIOLOGY

21. General Bacteriology. First and second terms. Daily. 10:00. Three credit hours. Martin.

A study of the general characteristics of microorganisms, and their relation to man.

22. General Bacteriology. Laboratory. First term. 11:00-1:00. Two credit hours. Martin.

Laboratory course in general bacteriology, designed to accompany Bacteriology 21.

96,196. Seminar. Second term. M. W. One credit hour. Martin.

Reports and round table discussions of scientific topics in the field of bacteriology.

98, 198. Special Problems in Bacteriology. Second term. Time, credit and subject matter to be arranged. Martin.

Problems having to do with algae and fungi activities in soil, disinfection and antiseptic studies, organ-

isms which infect the nose and throat, food and formite studies will constitute the burden of the course. Types of problems selected will be based upon the previous preparation of the student.

BOTANY

1. General Botany. Second term. Four lectures and two laboratory periods each week. Three credit hours. Staff.

A course dealing with the fundamentals of the structure, physiology, and reproduction of plants. Prerequisite course to further work in the field of plant life. Also recommended for the non-science student.

5. Trees and Shrubs. First term. Daily. Three credit hours. Staff.

The names and characteristics of the common trees and shrubs, their usages as ornamentals and in commerce. The cultivated species are stressed, but native species are also considered from the point of view of their relationships and possible usages. This is primarily a field course.

52. Morphology of Bryophytes and Pteridophytes. Second term. Three lectures and three two-hour laboratory periods each week. Three credit hours. Staff.

A study of the morphology, life histories, and relationships of the liverworts, mosses, and ferns. Prerequisite: Botany 1.

77, 177. Advanced Taxonomy. Alpine session. Three lectures and six laboratory periods each week. Five credit hours. Harrison.

The general principles of taxonomy as illustrated by advanced study of vascular plants found in the Tim-

panogos area. Extensive field observations will supplement the work in the laboratory. Special studies of the grasses, sedges, composites or other families well represented in the area will be undertaken.

84, 184. Field Ecology Methods. Alpine session. Three lectures and six laboratory periods each week. Five credit hours. Harrison.

The methods of studying vegetation, principes of sampling, measurement of plant environments and simple mapping. The methods will be applied toward the solution of several field problems

85. Plant Geography. First term. Daily. Three credit hours. Staff.

The geographic distribution of plant types, the mechanism of plant distribution and the origin of floras.

97, 197. Special Problems in Botany. Either term. One to three credit hours. Harrison.

200. Thesis. Either term. Four to six credit hours. Harrison.

Independent research on a thesis problem and the writing of the thesis.

CHEMISTRY

1. A Survey Course in Chemistry. First term. Repeated second term. Daily. Three credit hours each term. Peterson.

For students other than science majors who desire a knowledge of chemistry for its cultural value. Students who have had high school chemistry should register for Chemistry 4.

4. Principles of General Chemistry. This course continues through both first and second terms. Lecture M. W. F., Laboratory T. Th. Five credit hours. Swensen.

Prerequisite: High school chemistry or physics, or Chemistry 1, and algebra. Required of chemistry majors, premedical and predental students, engineering, physical science, and biological science majors.

5. Principles of Chemistry. This course continues through both first and second terms. Lecture M. W. F., Laboratory T. Th. Five credit hours. Peterson.

Prerequisite: Chemistry 4.

6. Qualitative Analysis. This course continues through both first and second terms. Lectures T. Th., Laboratory M. W. F. Five credit hours. Staff.

Prerequisite: Chemistry 4 and 5.

10. Elementary Quantitative Analysis. First term. Two lectures and four laboratory periods each week. Three credit hours. Wing.

Gravimetric Analysis. Prerequisites: Chemistry 5 and College Algebra.

11. Elementary Quantitative Analysis. Second term. Two lectures and four laboratory periods each week. Three credit hours. Wing.

Volumetric Analysis. Prerequisites: Chemistry 6 and College Algebra.

31. Quantitative Analysis. Four lectures, four two-hour laboratory periods per week. Four credit hours. Prerequisites: Chemistry 6 and College Algebra. For Chemistry majors. Wing.

Gravimetric analysis.

32. Quantitative Analysis. Four lectures, four two-hour laboratory periods per week. Four credit hours. Prerequisites: Chemistry 6 and College Algebra. For Chemistry majors. Wing.

Volumetric analysis.

62. Quantitative Analysis. This course continues through both first and second terms. One lecture each week, two laboratory periods. Three or four credit hours. Wing.

Continuation of Chemistry 32. Includes electrolytic processes, lectures and demonstrations of special methods.

67, 68, 69. Organic Chemistry. These courses continues through both first and second terms. Seven lectures and twelve hours in the laboratory per week. Twelve credit hours. Broadbent.

81, 82, 83. Physical Chemistry. These courses continue through both first and second terms. Nine lectures and nine hours in the laboratory per week. Bryner.

164. Advanced Qualitative Analysis. First and second terms. Two lectures and three laboratory periods each week. Three credit hours each term. Staff.

177, 178. Biochemistry. First and second terms. Daily lectures. Three credit hours each term. Swensen.

First term, the physical chemistry of cells and tissues.

Second term, the chemistry of enzyme action.

197. Research. Special Problems. Time and credit to be arranged. Staff.

200. Thesis. Time and credit to be arranged. Staff.

COMMERCE

(For Marketing 62, 162, see Page 91)

ACCOUNTING AND BUSINESS ADMINISTRATION

1. Elementary Accounting. First term. Two hours daily. Two hours laboratory. Five credit hours. Staff.

2. Elementary Accounting. First term or second term. Two hours daily. Two hours laboratory. Five credit hours. Staff.

Continuation of introduction to college accounting.

51, 151, 52, 152. Intermediate Accounting. First and second terms respectively. Two hours daily. Four credit hours each term. Smith.

Accounting for corporations, depreciation, bases of revaluation, inventorying, etc. Open to students who have had Accounting 50, or the equivalent.

62, 162. Business and Industrial Management. Second term. Daily. Three credit hours. Hoyt.

The organization and planning of business operations for the most effective control and execution. (See Economics 62, 162.)

68, 168. Business Cycles. Second term. Daily. Three credit hours. Hoyt.
(See Economics 68, 168.)

197. Research. First or second term. Reading and conferences in some chosen subject approved or selected by the instructor. Hours to be arranged. Staff.

200. The Master's Thesis in Business Administration. Each term. Staff.

Credit of not more than six hours will be given upon the completion of an acceptable thesis.

ECONOMICS

1a. Economics—Introductory Course. First term Daily. Three credit hours. Boyle.

A general survey of our industrial and business society, how modern man produces and exchanges goods and services, and the problems resulting therefrom.

1b. Economics. Second term. Daily. Three credit hours. Boyle.

Continuation of Economics 1a. Further discussion of principles, particularly those pertaining to exchange and distribution—wages, rent, interest, and profits.

2a. Contemporary Economic Problems. First term. Daily. Three credit hours. Pond.

This course emphasizes several of the major problems of reconversion and our post-war economic adjustments, e. g. labor and industrial relations, agriculture, taxation, etc.

2b. Contemporary Economic Problems. Second term. Daily. Three credit hours. Miller.

A continuation of Economic Problems 2a. Special emphasis will be given to our international economic relations.

51, 151. Economics of Consumption. Second term. Daily. Three credit hours. Boyle.

A study of the consumer's place in the economic order, both from the individual and the general economic point of view.

(See Marketing 51, 151.)

53a, 153a. Money and Banking. First term. Daily. Three credit hours. Clark.

A study of the principles of money and banking and the exemplifications of these principles in the monetary and banking history of the United States. Prerequisites: Economics 1 and 2.

Registration Instructions
Summer Session 1948

Step 1. All students enter west door of Maeser Building to obtain a Registration Card and a Fee Card. Fill out the Fee Card.

Step 2. Call at Treasurer's Office in Maeser Building and pay fees.

STUDENTS WHO REGISTER AFTER THE OFFICIALLY SCHEDULED REGISTRATION DAYS ARE REQUIRED TO PAY A LATE REGISTRATION FEE OF $1.00 THE FIRST DAY: $2.00 THE SECOND DAY AND THROUGHOUT REMAINDER OF THE FIRST WEEK: AND $3.00 AFTER THE FIRST WEEK.

Step 3. Go directly to the west door of the Joseph Smith Building and proceed to the Ball Room to your college dean, or to the Chairman of the Counseling Service (if you are still in the Counseling Service or if you are a new freshman or a new sophomore attending B.Y.U. for the first time). He will assign you to a registration adviser.

Step 4. With the aid of your registration adviser, fill in the trial Registration Card in pencil. Have card signed by adviser.

Step 5. Proceed down the north aisle of the Assembly Hall to obtain class cards. Fill in the necessary information on your class cards.

Step 6. Fill in Registration Cards No. 2 and 3 in ink and return to your registration adviser to have the Registration Cards signed by him.

Step 7. Present completed Registration Cards and class cards to the dean of your college or the Chairman of the Counseling Service for clearance. The dean or Chairman will punch your class cards and will collect your Registration Cards.

Step 8. Veterans only go to Room 250 in the Smith Building for clearance on SUBSISTENCE, books, and supplies.

NOTE: TAKE YOUR CLASS CARDS WITH YOU TO EACH OF YOUR CLASSES. YOU WILL NOT BE ADMITTED TO ANY CLASS WITHOUT A CARD. THE TEACHER IN EACH CLASS WILL COLLECT CLASS CARDS. THESE CONSTITUTE THE OFFICIAL CLASS ROLL.

IMPORTANT FACTS YOU SHOULD KNOW

1. The program of courses listed on your Registration Card is considered your official registration for the quarter. You will be held responsible for the completion of the entire program unless an official "Change of Registration" form is filed with the Registrar's Office.

2. When once registration has been completed, the discontinuing of a class, the electing of a class, or any change whatsoever must be made on a "Change of Registration" form approved by your dean or counselor. (The forms may be obtained from the Registrar's Office. Complete instructions are printed on the back of the form.)

3. After Saturday of the first week of each term, there is a fee of $1.00 for each change of registration (adding a course or discontinuing a course). This is payable at the Treasurer's Office and will be receipted on the "Change of Registration" form.

4. If you find it necessary to discontinue school before the end of the quarter you must clear with the Dean of Students, Room 380 Maeser Building, or you will be given an "E" on the official records for each class

Summer Session 1948

Step 1. All students enter west door of Maeser Building to obtain a Registration Card and a Fee Card. Fill out the Fee Card.

Step 2. Call at Treasurer's Office in Maeser Building and pay fees.

STUDENTS WHO REGISTER AFTER THE OFFICIALLY SCHEDULED REGISTRATION DAYS ARE REQUIRED TO PAY A LATE REGISTRATION FEE OF $1.00 THE FIRST DAY: $2.00 THE SECOND DAY AND THROUGHOUT REMAINDER OF THE FIRST WEEK: AND $3.00 AFTER THE FIRST WEEK.

Step 3. Go directly to the west door of the Joseph Smith Building and proceed to the Ball Room to your college dean, or to the Chairman of the Counseling Service (if you are still in the Counseling Service or if you are a new freshman or a new sophomore attending B.Y.U. for the first time). He will assign you to a registration adviser.

Step 4. With the aid of your registration adviser, fill in the trial Registration Card in pencil. Have card signed by adviser.

Step 5. Proceed down the north aisle of the Assembly Hall to obtain class cards. Fill in the necessary information on your class cards.

Step 6. Fill in Registration Cards No. 2 and 3 in ink and return to your registration adviser to have the Registration Cards signed by him.

Step 7. Present completed Registration Cards and class cards to the dean of your college or the Chairman of the Counseling Service for clearance. The dean or Chairman will punch your class cards and will collect your Registration Cards.

Step 8. Veterans only go to Room 250 in the Smith Building for clearance on SUBSISTENCE, books, and supplies.

NOTE: TAKE YOUR CLASS CARDS WITH YOU TO EACH OF YOUR CLASSES. YOU WILL NOT BE ADMITTED TO ANY CLASS WITHOUT A CARD. THE TEACHER IN EACH CLASS WILL COLLECT CLASS CARDS. THESE CONSTITUTE THE OFFICIAL CLASS ROLL.

IMPORTANT FACTS YOU SHOULD KNOW

1. The program of courses listed on your Registration Card is considered your official registration for the quarter. You will be held responsible for the completion of the entire program unless an official "Change of Registration" form is filed with the Registrar's Office.

2. When once registration has been completed, the discontinuing of a class, the electing of a class, or any change whatsoever must be made on a "Change of Registration" form approved by your dean or counselor. (The forms may be obtained from the Registrar's Office. Complete instructions are printed on the back of the form.)

3. After Saturday of the first week of each term, there is a fee of $1.00 for each change of registration (adding a course or discontinuing a course). This is payable at the Treasurer's Office and will be receipted on the "Change of Registration" form.

4. If you find it necessary to discontinue school before the end of the quarter you must clear with the Dean of Students, Room 380 Maeser Building, or you will be given an "E" on the official records for each class

Sociology 85,185, Marriage, listed for 6:40, to be given at 9:55. Sociology 64,164, Race Relations, listed for 9:55, to be given at 6:40.
